OUR ASSESTS :

An original design, innovative materials and functionalities are just a few of the many advantages common to all KORALP products.

KORALP's products not only have a well-known and appreciated design but are created by our research and development team with efficient and innovating new technologies:

- EMS (Easy Moving System), guidance on rail solution, guarantees an easy use of our products.
- UVS (Unit Ventilation System), ventilation systems, warranty of an optimal drying quality.
- With the MDS technology (Modular Design System), our replaceable front panels allow a perfect integration of our furniture in its environment.

Equipment 100% MADE IN France

The close and frequent contacts with our skilled industrial partners enable us to be reactive and to obtain a high quality of products.

Koralp offers a range of 11 products specialized in stocking, drying and disinfection in sports equipments, for mountain actors (rental ski shops, ski schools, ice rinks, ski lift societies...)

Koralp entrusts all its production to companies located in the region of Rhone-Alpes. Its location is a major advantage for the businessmen who want tot work with the competence of the local companies of the country, in order to offer products made in France at 100%. What's more, the proximity of the companies makes easier the quality control and the development of new products.

OUR BEST PRODUCTS :

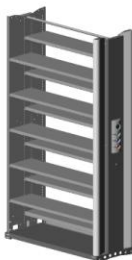

The **K-TWIN** (Proshop range)
INNOVATION OF THE YEAR – PATENT

The **K-VISU** (Proshop range)
EXCLUSIVE KORALP – REGISTERED DESIGN

The **K-DRY** (Proshop range)

The **K-STOKDRY** (Lodge range)

OUR PROJECTS IN THE FUTURE :

Our designers of our Research and Development office never stop looking for new technologies and new materials in order to create the new equipments of the future.

We already are present in some of the European countries such as Spain and Switzerland. But we plan on developing our products to the exportation to be part of the market of the most of the European countries, especially all the Alps, the Scandinavian countries, and the East countries.
